

Industrial medium handle brush with double bristle

Brush with shaped handle for cleaning regularly shaped equipment or worktops. Soft bristle for gentle cleaning and tough bristle for removing stubborn dirt. The handle ensures the removal of dirt from hard-to-reach places. The shaping makes for an ergonomic grip and ensures even distribution of mechanical force.

Features

Quality: rigorous tests and controls are put in place to ensure compliance with the highest quality standards.

Durability: designed to withstand frequent and intensive use, ensuring a long service life.

High performance: the trimming process makes the bristles uniform and aligned, while punching optimises their arrangement and inclination.

Sustainability: the use of recycled PP and PET significantly reduces dependence on virgin plastic and contributes to circular economy.

Double bristle: bristles with two different hardness to satisfy every need of cleaning.

Soft bristle: gently cleans surfaces without leaving any residue.

Hard bristle: removes even the most obstinate dirt by removing it completely.

Ergonomic grip: designed to allow a safe and comfortable holding.
